will be in progress.

Half-time at the football game will provide an opportunity for the school's new band of sixty pieces to show its paces. Under the direction of Mr. J. Dvorak it should help considerably to enliven the scene.

Later in the evening on Friday at 8.30 and 10.00 Mr. Oliver Master will supervise a showing of pictures entitled "Historical Reminiscences" in the school's Auditorium. Mrs. M. Bryce will be on hand to describe her late husband's pictures.

ONTARIO

THE MINISTER OF EDUCATION

October 7th, 1957.

My dear Mr. Worden:

The occasion of the 100th anniversary of the establishment of what is now the Weston Collegiate Institute and Vocational School furnishes me with a welcome opportunity to pay official and personal tribute to the magnificent contribution which this institution has made over the long years to the town of Weston and its surrounding community.

The full extent of this contribution no one may adequately measure. However, when one thinks of the never-ending stream of boys and girls who have entered this school as comparative children and have emerged, after four or five years, as potential citizens soon to become members of the professions of commerce and industry, or of that great body of home-makers whose influence is perhaps most important of all, even the most ordinary imagination must be impressed by the influence which this school has exerted.

May I extend to you, as Principal for the past 21 years, and to all the members of your staff, worthy representatives of the long line of able and devoted teachers who have transformed buildings and equipment into a living institution, my sincere appreciation of work well done, and my most cordial congratulations on this historic occasion.

Sincerely yours,

E. H. G. Worden, Ssq., B.A.,
Principal, Collegiate Institute and Vocational Board,
Weston, Ontario.
